2. The institution will establish and maintain an Institutional Review Board (IRB) meeting the requirements of 45 CFR 46, with appropriate membership composition, to provide initial and continuing oversight of all covered human subjects research.
3. Sufficient resources, meeting space, and qualified staff will be provided to support the IRB in fulfilling its review and recordkeeping responsibilities.
4. All investigators and IRB members will complete appropriate human subjects research training through the CITI Program or equivalent prior to engaging in research activities.
5. Written procedures will be established for prompt reporting of unanticipated problems, noncompliance, and any suspension or termination of IRB approval to the IRB, institutional officials, supporting federal agencies, and OHRP.
6. The institution will comply with all applicable federal, state, and local laws and regulations pertaining to the protection of human subjects, including HHS Subparts B, C, D, and E of 45 CFR 46.

I affirm that all information provided in connection with this Assurance is accurate and current. I understand that false statements may cause invalidation of the Assurance and may lead to additional administrative or legal action. I am fully authorized to represent and commit Wiley University and all of its components to the terms of this Federalwide Assurance.

Respectfully submitted,

Dr. Herman J. Felton, Jr., Ph.D., J.D.
